International Women Composers' Library and Sybil Westendorp Foundation

A Woman Composer for the City of Unna

“With a Stranger’s Ears”

The Sybil Westendorp Foundation kindly invites women composers to apply for the title of “Woman Composer of the City of Unna 2017”. The project “Woman Composer of the City”, which is meant to foster the interaction between the city’s citizens and the artistic practice, includes a commissioned work, a project grant and an artist’s residency in Unna.

The Woman Composer of the City will live in Unna for two months. The project is thematically bound and refers to aspects of cultural life in Unna. This year’s motto „With a Stranger’s Ears“ ought to encourage the composer to deal with the tension between self and other. This topic has been chosen with reference to the exhibition “ankommen – auskommen” (“arrive – survive”) at the Hellweg Museum Unna, funded by the German Federal Cultural Foundation, which deals with the question of how to live together in an immigration society. On the one hand the motto is meant to assure a link between the artistic project and the city, on the other hand it challenges the applicants to present themselves not only as composers but also as artistic personalities within a social context.

A jury with representatives from the fields of composition, stage practice, festival, journalism, publishing, theory and teaching will select the winner from the submitted applications.

The International Women Composers' Library Unna / Sybil Westendorp Foundation

With the creation of a grant program for women composers, the International Women Composers' Library ties in with the *Fanny Mendelssohn Composition Contest* that was held seven times in Unna from 1997 to 2008.

Since 2000, the city of Unna administers the estate of composer Sybil Westendorp (1910-1999) who bequeathed her artistic work and her assets to the city. The financial means have been invested into the Sybil Westendorp Foundation, which has the purpose to foster the International Women Composers' Library, to present the works of women composers from the past and present to a broader audience and to "foster women composers by creating a composition contest".
